32. [ID 16-0521](#) Ordinance Amending Chapter 13 of the Greensboro Code of Ordinances; Amending the Motor Vehicle Fee

Councilmember Hightower voiced concern with the \$20 increase; stated she would like more discussion on the item; and stated that she had heard from constituents regarding the \$30 fee.

City Manager Westmoreland stated that the item was in the budget presentation.

Discussion took place regarding the portion of the fee that would go towards street resurfacing; the bond referendum; this being immediate income rather than several years out for bonds; and whether Council could lower the fee at some point in the future.

Councilmember Barber voiced that fee increases were not popular; spoke to the responsibility of elected officials; the need for street resurfacing; stated City taxes had not increased in ten years; verified that other cities charged \$30; and emphasized the need for Council to do what was necessary to provide health and public safety for the community.

Councilmember Wilkins spoke to adding \$20 million for street repavement to the bond referendum; allowing citizens the opportunity to vote; and moved to deny the item.

Mayor Vaughan advised that Council would need to finish their discussion prior to entertaining a motion.

Councilmember Hightower spoke to the expectations of, and the need to hear from constituents; the need to be respectful and responsible; and spoke to what increase amount she would support at this time.

Mayor Vaughan reminded Council of other cities that charged \$30; outlined what was financed through the City's property taxes that other cities charged fees for; verified that bond funds would have an interest rate; stated this would allow immediate funding for street resurfacing; and stated citizens were unhappy with road conditions.

Councilmember Hoffmann emphasized that the citizens understood that miles of streets were in deplorable condition; the need to get something going that would begin to address said conditions; spoke to the costs of street resurfacing; and stated the fee needed to be increased.

Councilmember Outling voiced agreement with Councilmember Barber; referenced the presentation several weeks ago that stated that the roads were in need of repair; reminded Council of their direction to staff at that time; added that Council needed to have the courage to vote this up or down; and spoke to the need to verify the funding source.

Councilmember Wilkins referenced Council's decision today to increase the street improvement bonds by \$20 million; voiced that there was adequate Council support to pass the item; inquired about the legal process to collect parking tickets before a resident could register their vehicle; and withdrew his motion to deny the item.

City Attorney Carruthers responded that the General Assembly was unwilling to allow municipalities to collect parking fines when a person registered their vehicle.

Mayor Pro-Tem Johnson left the meeting at 7:02 p.m. and returned at 7:03 p.m.

Councilmember Hoffmann cautioned everyone of what happened when repairs were neglected; and spoke to increased costs when awaiting repairs.

Councilmember Hightower reminded Council of the expectations of their constituents; voiced the need to be responsible; reiterated that she did want streets repaired but would not support a \$20 increase at this time; voiced the need to look at more than one option; stated she would not vote on something where she had not had the opportunity to review all the avenues; and voiced opposition to placing the burden on citizens.

Councilmember Outling spoke to budget priorities; and stated he would like to hear where budget reductions would be made.

Moved by Councilmember Hoffmann, seconded by Councilmember Barber, to adopt the ordinance. The motion carried on the following roll call vote:

Ayes, 7 - Nancy Vaughan, Yvonne J. Johnson, Mike Barber, Marikay Abuzuaiter, Jamal T. Fox, Nancy Hoffmann and Justin Outling
