

November 22, 2016

Judson Clinton, City Arborist
Planning Department
City of Greensboro
Greensboro, NC 27402

Dear Judson:

The City's Field Operations Right-of-Way Division is aware of the planting of 100 trees in the natural area at Price Park for the Urban Offset project. The Right-of-Way Division acknowledges that the maintenance of these trees falls within our current scope of work and should have no impact on our budget.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Steber", is written over a faint, larger version of the same signature.

James Steber, Division Manager
Right-of-Way, Field Operations
