SUBJECT: 2011-038A
TZO Osborne Water Reclamation Facility (WRF) Package 2

The M/WBE Program Plan requires a Prime contractor to make Good Faith Efforts to provide M/WBE firms an equal opportunity to perform on a contract including change orders. However, under certain circumstances, a waiver of the Good Faith Efforts requirements may be granted.

To remain in compliance with the erosion control Plan required by the State, the contractor had to take immediate action and was unable to comply with the City's Good Faith Efforts requirements. For this reason a waiver was granted for the first two phases, the contractor however, will be required to make Good Faith Efforts to solicit and use M/WBE to complete the remaining phases of the erosion control Plan.
