Ordinance Amending Section 30-4-5.3 of the Land Development Ordinance related to the filing deadline for the applications to the

Zoning Commission.

Mayor Vaughan stated there were no speakers for the item.

Assistant City Manager Parrish stated the item was related to the Council Committee structure; would move the Zoning Commission deadline out; and verified it would delay the deadline by seven days; and change from 38 to 45 days.

Planning Director Sue Schwartz reminded Council there was a handout at their places for the item; that staff would evaluate the change and process to see if it needed to be tweaked; referenced that Greensboro was unique with regard to its zoning issues; and stated any changes would be brought back to Council.

Mayor Vaughan confirmed that the members of TREBIC as well as the commission were aware of the change.

Councilmember Hightower voiced concerns with not appearing to be business friendly.

Assistant City Manager Parrish confirmed that the change was the least disruptive; and would not impact other boards.

Moved by Councilmember Fox, seconded by Councilmember Hoffmann, to adopt the ordinance. The motion carried on the following roll call vote:

V. GENERAL BUSINESS AGENDA

23. [ID 15-0664](#) Boards and Commissions Listing for August 3, 2015

Moved by Councilmember Hightower, seconded by Mayor Pro-Tem Johnson to appoint Christina Hardy to the Commission on the Status of Women in a position that had been vacant. The motion carried by voice vote. Moved by Councilmember Hightower, seconded by Councilmember Abuzuaite to reappoint Justin Washington to the Parks and Recreation Commission and to reappoint Anita Cunningham to the GTA Board. The motion carried by voice vote.

Mayor Vaughan stated she would like a discussion regarding the Board of Adjustment at a later point in the meeting.

Moved by Councilmember Wilkins, seconded by Councilmember Barber to appoint Bob Kollar to the Parks and Recreation Commission to replace Tim Tsujii effective August 15, 2015. The motion carried by voice vote. Councilmember Wilkins placed the name of Michael Hepburn in the databank for future service on the GTA Board to replace Dan Collison.

Discussion ensued regarding the number of District 5 appointments on the GTA Board.

Moved by Councilmember Outling, seconded by Councilmember Wilkins to reappoint John Martin to the Planning Board. The motion carried by voice vote. Councilmember Outling placed the names of Adam Carroll and Dana Madison Lowe in the databank for future service on a board or commission.

Mayor Pro-Tem Johnson inquired about appointments to the Participatory Budgeting Committee.

Assistant City Manager Mary Vigue stated staff would bring that to Council at an upcoming work session.

Moved by Councilmember Fox, seconded by Councilmember Barber to reappoint David Hoggard to the Historical Preservation Commission and to reappoint Carl Brower to the Parks and Recreation Commission. The motion carried by voice vote.

Mayor Vaughan voiced concern with a decision made by the Board of Adjustment (BOA) regarding a massage parlor as well as other decisions; spoke to concerns with the training of members; suggested Council take the massage parlor issue back under its purview; and referenced the May Spa decision.

City Attorney Carruthers outlined three options for changes, begin the training process again, Council could take the authority back, or create a separate board to handle massage parlor issues; emphasized that the Board of Adjustment was a quasi judicial body; and referenced supreme court language.

Mayor Vaughan stated the two issues that caused concern were the massage parlor ordinance; members not wanting to make adjustments but just follow the letter of the law; and referenced that a third body would be a waste of time for massage issues.

Councilmember Hightower inquired who trained the BOA members.

City Attorney Carruthers responded that the School of Government had provided training on adjusting; that his staff had done training on the massage parlor issue; emphasized that staff had reached out to individual members; verified he could not discuss particular cases; referenced giving Council other options; and suggested that staff hold a training session to discuss Council's concerns with the BOA. City Attorney Carruthers added that he had recently explained the law to the BOA; and would do what was necessary to see that the needs of the community were met.

Discussion took place regarding qualifications for members to serve on the BOA; providing the definition to the members of what adjustment meant; every case not needing to be adjusted; difference between the BOA and Zoning Commission; if there was a requirement for an attorney to be on the board; legal issues should Council take the board back; Council having full authority of all boards under the City Charter; only taking back massage parlor cases; length of time for hearing massage cases; and what had been changed with regard to massage parlors..

Assistant City Manager Parrish stated that staff could provide an update on the training process for the members.

Councilmember Barber stated the quasi judicial board was appointed; spoke to the results Council would like to accomplish; voiced concern with Council appearing heavy handed; and spoke to staff recommendations made to the BOA.

City Attorney Carruthers outlined the process for staff presenting an issue to BOA; spoke to the factors that came into play with the massage parlor ordinance; to the language barriers; stated that more training could help; and voiced concern that some members might feel uncomfortable in their rolls with regard to making adjustments on the BOA.

Discussion continued regarding Council taking the jurisdiction of massage parlor issues back; legal interest of the City; concerns expressed about a specific decision made by the board; if there was a probationary period for board members; levels of expectations for board members; and handling issues on an individual basis.

City Attorney Carruthers advised Council of its authority; and stated that he would like the opportunity to look at the options.

Ms. Schwartz interjected that many BOA members began their terms as alternate members which observed the meetings; noted that in a year the BOA had only seen two massage parlor cases; and stated staff could provide a full report of what the board handled.

Councilmember Fox asked what additional training would look like; and asked that a timeframe be put on training as well as changes to be made.

City Attorney Carruthers explained the duty of adjustment compared to the weighing in of facts; spoke to the training material; referenced comments made by members which had raised some concern; and suggested staff could provide training to ensure the members were fair and impartial which could be achieved in approximately six weeks.

It was the consensus of Council to have City Attorney Carruthers research the training/probationary period for members of the BOA.

Councilmember Fox voiced concern that he did not have a full time member on the BOA; that he did not want BOA members to feel Council did not value their service; and wanted the board to be more effective.

City Attorney Carruthers stated the state law prescribed seven members but that could be changed to nine through local legislation.

Mayor Vaughan suggested Council leave the enforcement of the massage parlor ordinance and definition of adjustment to the City Attorney to have discussions; and bring back recommendations to Council by the second meeting in September.

Councilmember Hightower voiced the need to be considerate of members; and stated she would like to be included in conversations with a member/appointee when there might be a problem with that person.

Councilmember Wilkins corrected that Mr. Hepburn was already in the data bank; and moved to appoint Mr. Hepburn to the GTA Board, seconded by Mayor Pro-Tem Johnson. The motion carried by voice vote.

Councilmember Fox inquired as to the schedule for bringing the boards and commissions matter back to Council.

Assistant City Manager Vigue referenced discussion that had taken place; spoke to the revised process of how to move the item forward; spoke to challenges with multiple appointments on the boards; and said she would work with a committee.

Mayor Vaughan suggested a Council working committee be set up to handle the issue; and appointed Councilmember Barber as Chair; with Councilmembers Abuzuaiter, Fox and Hightower serving as members of the Boards and Commissions Study Committee to develop a recommendation on how to change membership on boards to nine members which would include appointments by at-large Councilmembers.

Council discussed the need to ensure even district distribution of members among the various boards; identification of at-large appointments; issues with members residing in a different district from they one they were appointed to; and checking with district representatives prior to making appointments.

Mayor Vaughan suggested Assistant City Manager Vigue notify Council if she would need more than 30 days.
