******IMPORTANT INFORMATION CONCERNING MWBE BUSINESSES******

As part of our responsibility to perform due diligence in our Good Faith Effort to secure minority and women businesses please note the following as you consider bidding this project.

Bar Construction will review all responsible quotes and qualified invoices and individual needs as related to the bidding project and also direct you to available agencies for assistance. The following are areas that can be reviewed and will be considered:

1. Joint pay agreements and the opportunity to rent equipment from Bar Construction.
2. Assistance and direction in obtaining bonding or insurance.
3. Joint venture or partnership agreement, if appropriate.
4. Modifying our payment schedule to meet individual needs on submission of qualified invoice. Typically, this means inserting a quick pay clause in the subcontract which allows for two billings per month in lieu of one.

As additional help Bar Construction has plans, specifications and requirements available for review by prospective minority and women owned businesses in our office plan room. After reviewing them we can provide these documents to you on a CD or paper copy prior to the bid day.

At no cost to you, you may access and review all the project plans and documents by going to this website after receiving your invitation in lieu of traveling to our office.
