Reference: I&C Resident Engineer Service Contract (2020)

Dear Mr. Williams:

Thank you for the opportunity to continue providing our services to the City of Greensboro.

### **I. Resident I&C Services**

#### *A. Standard Operating Procedure*

CITI, LLC will provide a Resident I&C Engineer that will work directly under the City of Greensboro's supervision and will report to Greensboro's management. Daily activities will be assigned and managed by the City of Greensboro. Normal operating hours will be Monday – Wednesday, 7:00 am to 4:00 pm with a 1 hour lunch. Any overtime or work provided by Resident Engineer outside the normal operating hours will be charged at the rate described in the compensation section described below.

Resident will be capable of providing networking, PLC and SCADA services as directed by City of Greensboro management and act as a liaison with other CITI engineers to resolve them when more specialized services are required. The I&C engineer will communicate the status of work orders to the City of Greensboro via a weekly work order status log.

CITI, LLC will equip the Resident with basic instrumentation tools, a laptop computer and cellular phone; the City of Greensboro will provide a desk, internet access, specialty tools and software as needed to perform the services described in this agreement. Specialty tools and software are not included in this agreement.

Transportation between the City of Greensboro's facilities will be provided by CITI, LLC. All mileage associated with travel between the City of Greensboro's facilities will be logged and included in monthly progress invoices as described in compensation section described below. All travel between facilities will be as directed by the City of Greensboro's management team.
