Dear Mr. Cooke,

We are supportive of your effort to increase the supply of permanent, community based, supportive housing for individuals and families in the Greensboro area. We are pleased to support the project outlined by Partnership Homes, Inc. We initially reviewed your proposal and sent a letter of support to you in April 2019.

We understand that the City of Greensboro asked for specific information regarding our support for the 31 unit development in question (Partnership Place Apartments). Sandhills Center understands that you are committed to reserving six (6) units in the complex to individuals eligible for our Transitions to Community Living Initiative. Sandhills Center is committed to making referrals to the apartment complex and to offering supportive services to the individuals that we refer, throughout the planned timeframe of the Transitions to Community Living Initiative.

Our Transitions to Community Living Initiative staff assists eligible members to access services and supports including but not limited to: Assertive Community Team, Community Support Team, Peer Support, Psychosocial Rehabilitation, and Supported Employment Services. TCLI staff also offer "follow along" assessments of members placed by our staff.

Please feel free to reach out if you have any questions or need additional information.

Sincerely,

Victoria Whitt,
Chief Executive Officer
