

PL(P) 20-16 & PL(Z)-20-25

City of Greensboro Planning Department Zoning Staff Report and Plan Amendment Evaluation

City Council Hearing Date: October 20, 2020

GENERAL INFORMATION

APPLICANT	Hector A. Sosa
HEARING TYPE	Annexation and Original Zoning Requests
REQUEST	County RS-40 (Residential Single Family) to City R-3 (Residential Single Family - 3)
CONDITIONS	N/A
LOCATION	1404 Youngs Mill Road
PARCEL ID NUMBER(S)	7893080374
PUBLIC NOTIFICATION	The notification area for this public hearing was 600 feet (Chapter 30-4-1.4 of the Land Development Ordinance requires notification of the owner of that parcel of land and the owners of all parcels of land adjoining and contiguous to that parcel of land as shown on the County tax listing). 96 notices were mailed to those property owners in the mailing area.
TRACT SIZE	1.66 acres
TOPOGRAPHY	Elevated from the road.
VEGETATION	Wooded towards the back of the property.

SITE DATA

Existing Use		Undeveloped
	Adjacent Zoning	Adjacent Land Uses
N	County RS-40 (Single-family Residential)	Single-family dwellings
E	County CU-RS-9 (Conditional Use – Residential Single-family)	Single-family dwellings
W	County RS-40 (Single-family Residential)	Single-family dwellings

S County RS-40 (Single-family Residential) Single-family dwellings

Zoning History

Case #	Date	Request Summary
N/A	N/A	The subject property is not currently located in the City's jurisdiction.

ZONING DISTRICT STANDARDS**Existing District Summaries**

Zoning District Designation:	Existing County RS-40	Requested City R-3
Max. Density:	1 dwellings per acre	Up to 3 dwellings per acre
Typical Uses	Typical uses in the County RS-40 district include single family dwellings with a density of less than 1 unit per acre.	Typical uses in the R-3 district include single family residential of up to 3 dwelling units per acre.

**These regulations may not reflect all requirements for all situations; see the City of Greensboro Land Development Ordinance for all applicable regulations for site requirements for this zoning district.*

SPECIAL INFORMATION**Overlay District Ordinance/Historic Preservation**

The subject site is not located within an overlay zoning district.

The subject site is not:

- Located in a City of Greensboro Historic District or Heritage Community
- Designated as a Guilford County Landmark Property
- Recognized as a State of North Carolina Historic Site
- Listed in the National Register of Historic Places
- Located in a National Register Historic District

Environmental/Soils

Water Supply Watershed Site drains to Lake MacIntosh Watersupply Watershed WS-III, Little Alamance Creek

Floodplains >2000

Streams N/A

Other: If site remains Single Family or an exempt subdivision, no watershed requirements must be met.

Utilities (Availability)

Water and sewer are available.

Sewer will need to be extended by the developer.

Airport Overlay District & Noise Cone

n/a

Landscaping & Tree Conservation Requirements

There are no Landscaping or Tree Conservation requirements for single-family residential.

Transportation

Street Classification: Youngs Mill Road – Major Thoroughfare.
Waldrige Road – Local Street.

Site Access: All access(s) must be designed and constructed to the City of Greensboro standards.

Traffic Counts: Youngs Mill Road AADT = 3,500 (NCDOT, 2018)

Trip Generation: N/A.

Sidewalk does not exist along the frontage of this property.

Transit in Vicinity: No.

Traffic Impact Study: No TIS required per Ordinance.
(TIS)

Street Connectivity: N/A.

Other: N/A.

IMPACT/POLICY ANALYSIS

Land Use Compatibility

The proposed **City R-5 (Residential, Single Family – 3 du/ac)** zoning district would allow land uses that are compatible with the general character of the area.

GSO 2040 Comprehensive Plan Policies

The GSO 2040 Future Land Use Map designates this location as **Residential**. The requested **City R-5 (Residential, Single Family – 3 du/ac)** zoning district would allow uses that are generally consistent with the **Residential** Future Land Use designation. The GSO 2040 Future Built Form Map designates the subject site as **Urban General**. The Growth Tiers Map designates the subject site as being within **Growth Tier 1**.

GSO 2040 Written Policies

Filling In Our Framework - How we arrange our land uses for where we live, work, attend school, shop and enjoy our free time can create a more vibrant and livable Greensboro.

Goal A - Greensboro is recognized and admired for its attractive, walkable and compact mixed-use activity centers where people live, work and enjoy life.

Strategy 1 - Encourage higher density, mixed-use, walkable infill development.

Creating Great Places - Creating interesting and attractive places and vibrant public spaces in neighborhoods, across Greensboro, in downtown and with our historic resources.

Goal A - Greensboro's citywide network of unique neighborhoods offer residents of all walks of life a variety of quality housing choices.

Strategy 2 - Meet housing needs and desires with a sufficient and diverse supply of housing products, prices and locations.

Becoming Car Optional - Expand quality transportation options beyond cars and maintain an efficient transportation system that allows people and goods to travel throughout Greensboro.

Goal A - Greensboro has unrivaled pedestrian, biking, transit and road networks that provide safe, comfortable, and convenient transportation options.

Strategy 2 - Encourage new development that is compatible with the intended use of the adjacent roadway.

Goal B - Everyone loves our interconnected green spaces, which provide recreation and transportation opportunities, promote active living, and protect our natural environment.

Strategy 1 - Expand the greenway network to connect all parts of the city as a key element of the transportation system.

Prioritizing Sustainability - Greensboro has a strong leadership role in environmental stewardship, social equity, and a resilient economy

Goal A - Greensboro advances environmental stewardship, taking care of our natural resources and the natural systems that support all living things.

Strategy 1 - Promote resilient, efficient and environmentally beneficial patterns of land use.

Goal B - Greensboro embraces social equity, ensuring all residents benefit from fair and just treatment in the distribution of public services and have a voice in governance.

Strategy 3 - Promote a just, ethical, and respectful community.

Goal C - Greensboro builds economic resilience, expanding the local economy's ability to withstand and adjust to disruptions and changes at the regional, national and global scales.

Strategy 1 - Consider the impact that growth and development patterns and infrastructure investments have on the City's fiscal health.

Building Community Connections - Greensboro is unique and memorable based on our quality of life, culture, arts and places and the ties that bind us together as a community.

Goal E - Everyone does their part to maintain stable, attractive, and healthy places to live and raise families.

Strategy 1 - Build upon successful community initiatives to improve housing conditions while encouraging community involvement and participation.

Growing Economic Competitiveness - Greensboro will build a prosperous, resilient economy that creates equitable opportunities to succeed.

Goal C - Investment in cutting edge communications technology enhances the quality of life for all residents and helps businesses thrive.

Strategy 1 - Encourage fiber-ready infrastructure to reduce the need for costly future upfits, increase property values and promote economic growth.

Goal E - Greensboro promotes homegrown businesses, supports entrepreneurship, cultivates industry leaders, and welcomes major corporations and institutions.

Strategy 2 - Provide entrepreneurs at all stages of the business life cycle with connections to education, financing, and other resources and assets that support their growth.

GSO 2040 Map Policies

Future Land Use Map

Residential: Includes both single-and multi-family residential. Other uses should generally be in the scale of a Neighborhood or a Community Center as described in the Future Built Form Map on page 69, in a form that is appropriate to the character of the area. Many residential areas include commercial corridors, and future development along these corridors should be oriented to the corridor to avoid negative impacts to adjacent residences.

Future Built Form Map

Urban General should reflect these characteristics:

1. Setbacks, building orientation, building materials, height, and scale of residential buildings are considered within the existing neighborhood context.
2. New housing helps increase the range of choice, supply, and adds additional appropriately-scaled density with: Missing Middle housing; mid-rise multi-family; and high-rise multi-family in Activity Centers and along Mixed-Use Corridors.
3. Transitions between neighborhoods and different land uses provide continuity in scale, density, intensity with adjacent uses.
4. Cut-through traffic is minimized.
5. New freestanding or expanded business areas are created within or adjoining an existing Activity Center or as part of creating a new Activity Center.
6. Exterior building materials are durable, sustainable, and contribute positively to the character of the public realm.
7. The size and impact of surface parking lots is minimized through landscaping, screening, narrow curb-cuts, and use of glare-free, no-spill lighting.
8. New sidewalks contribute to the completion of a sidewalk network.

Growth Tiers Map

Growth Tier 1: This is the area where the City is currently able to provide all City services including water and sewer service based on the location of existing infrastructure such as roads, fire stations, and water and sewer pipes. Before connecting to water or sewer service, property located within Growth Tier 1 will be annexed into the City. All projects that connect to City water and sewer will be required to comply with the City's Comprehensive Plan and land development regulations.

CONFORMITY WITH OTHER PLANS

City Plans

Sustainability Action Plan

Element 1) Transportation and Land Use:

Policy 1) Encourage increased density, a mix of land uses and more integrated links between transportation and land use through changes to Greensboro's Comprehensive Plan, Development Ordinance and other related plans.

Element 2) Green Jobs and Buildings:

Policy 3) Develop a coordinated City program to provide technical support, energy audits and education and outreach to increase energy efficiency and conservation in commercial and residential buildings.

Policy 4) Use a combination of code changes, incentives, partnerships and education to promote green building in Greensboro.

Policy 6) Promote more efficient use of water through education, partnerships and pilot projects.

Element 3) Waste Reduction and Recycling:

Policy 7) Employ a combination of expanded recycling infrastructure, regulations and incentives to increase Greensboro's solid waste diversion and recycling rates.

Element 6) Education and Outreach:

Policy 11) Provide technical support, awards and recognition to individuals and organizations furthering Greensboro's energy and sustainability efforts.

Other Plans

n/a

STAFF ANALYSIS AND RECOMMENDATION

Community Outreach

Applicant is strongly encouraged to discuss this proposed rezoning and development with owners of surrounding properties.

Staff Annexation Analysis

The subject property is currently in the County. On September 1, 2020 the Zoning Commission assumed responsibility for reviewing annexation petitions and making a recommendation to City Council regarding the annexations. Upon submittal of a valid annexation petition Planning staff forwards annexation requests to City services providers. These service providers include Water Resources (water and sewer), Fire Marshal's Office, Police Department, and Solid Waste (trash and recycling services). Each service provider stated that infrastructure is in place to provide City services to this location. The Technical Review Committee also recommended approval of this annexation request at its July 31, 2020 meeting. This property is located within the Tier 1 Growth Area (2013-2019) on the Growth Strategy map in the Comprehensive Plan. It is the City of Greensboro's policy to annex properties within Growth Tier 1 pending approval of the original zoning.

Staff Original Zoning Analysis

The subject property is 1.66 acres and is currently undeveloped land. North, south, and west of the request contain single-family residences, zoned County RS-40. East of the request contains single-family dwellings, zoned County CU-RS-9.

The Comprehensive Plan's Future Land Use Map currently designates this property as being Residential. The Residential designation includes both single-and multi-family residential.

Other uses should generally be in the scale of a Neighborhood or a Community Center as described in the Future Built Form Map, in a form that is appropriate to the character of the area. Many residential areas include commercial corridors, and future development along these corridors should be oriented to the corridor to avoid negative impacts to adjacent residences.

The Comprehensive Plan's Future Built Form Map currently designates this property as Urban General. Applicable characteristics of the Urban General classification include, but are not limited the following:

1. Setbacks, building orientation, building materials, height, and scale of residential buildings are considered within the existing neighborhood context.
2. New housing helps increase the range of choice, supply, and adds additional appropriately-scaled density with: Missing Middle housing; mid-rise multi-family; and high-rise multi-family in Activity Centers and along Mixed-Use Corridors.
3. Transitions between neighborhoods and different land uses provide continuity in scale, density, intensity with adjacent uses.

The proposed R-3 zoning district is primarily intended to accommodate low-density single-family detached residential development of up to 3 dwelling units per acre. The proposed rezoning request supports both the Comprehensive Plan's Creating Great Places goal to expand Greensboro's citywide network of unique neighborhoods offering residents of all walks of life a variety of quality housing choices and the Building Community Connections goal to maintain stable, attractive, and healthy places to live and raise families.

This request is consistent with the intent and purpose of the zoning code, the Comprehensive Plan (GSO 2040) and is generally compatible with the existing development and trend in the surrounding area.

Staff Recommendation

Staff recommends **approval** of the requested **City R-3 (Residential Single-family - 3)** zoning districts.
