Assessment of Current BHRP

Successes:

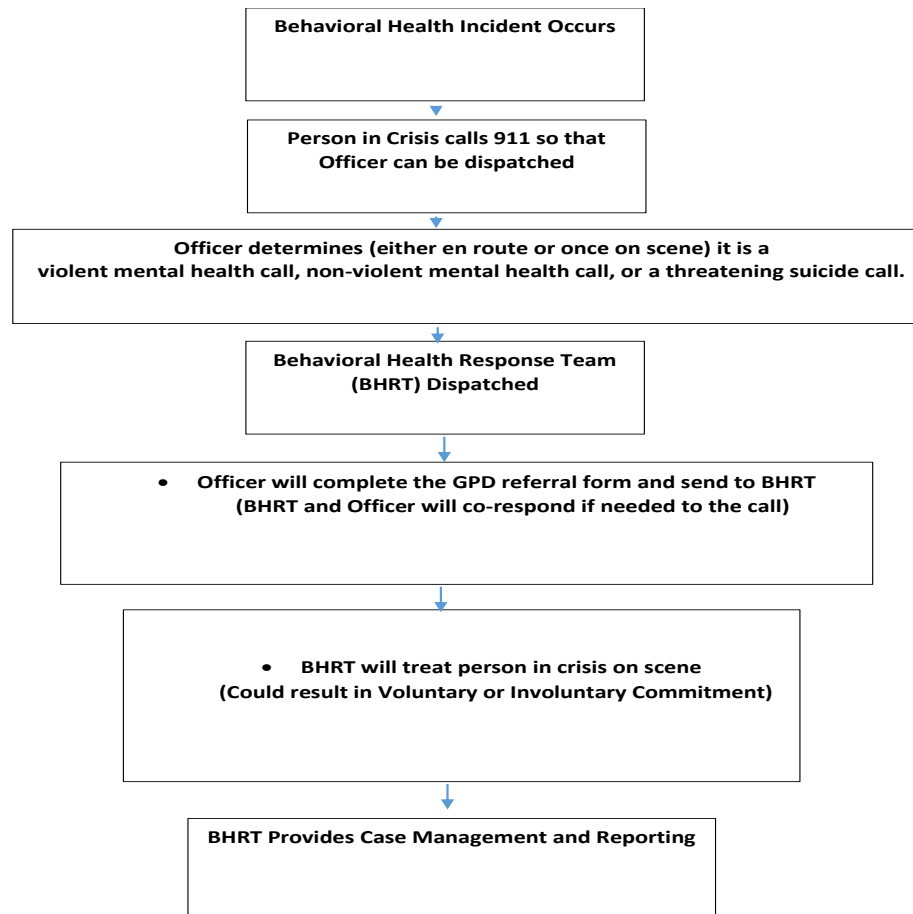

- S.E.L. Group served apprx. 500 persons in crisis since March 2020
- S.E.L. Group provided service 24/7 since March 2020
- The average response time for S.E.L. to arrive on the scene was 22 minutes
- The average time S.E.L. Group on scene was 45 minutes

Barriers:

- Challenges with information sharing – S.E.L. counselors not privy to information obtained by GPD
- Inconsistent data reported by S.E.L. and GPD
- Limited Follow up and case management
- Liability concerns with requests for GPD Officers to remain on scene after scene is secured

Proposed Internal BHRP

The Greensboro Behavior Health Response team will be a co-response model with crisis counselors responding to calls along with Greensboro Police Officers.
