Section 1. The City Council does hereby find and determine as follows:

(a) The City currently operates a water system and sanitary sewer system, both of which provide service to the residents of the City and its environs.

(b) Pursuant to a Trust Agreement, dated as of June 1, 1995 (as amended, the "Trust Agreement"), between the City and Branch Banking and Trust Company (succeeded by U.S. Bank National Association), as trustee (the "Trustee"), the City has created a combined enterprise system (the "Combined Enterprise System"), currently consisting of the City's water system and sanitary sewer system. The Trust Agreement provides for the issuance of revenue bonds thereunder secured by the Net Receipts (as defined in the Trust Agreement) of the Combined Enterprise System as set forth therein, to finance improvements to the Combined Enterprise System and to refund all or a portion of any bonds issued under the Trust Agreement.

(c) Pursuant to the Trust Agreement and a Twelfth Supplemental Trust Agreement, dated as of June 1, 2007, between the City and the Trustee, the City has heretofore issued its \$38,040,000 Combined Enterprise System Revenue Bonds, Series 2007A (the "Series 2007A Bonds"), \$30,425,000 of which are currently outstanding.

(d) Pursuant to the Trust Agreement and an Eighteenth Supplemental Trust Agreement, dated as of August 1, 2014, between the City and the Trustee, the City has heretofore issued its \$70,665,000 Combined Enterprise System Revenue Refunding Bonds, Series 2014A (the "Series 2014A Bonds"), all of which are currently outstanding.

(e) The City has determined that it is able to realize significant debt service savings through the refunding of a portion of the outstanding Series 2007A Bonds;

(f) The City has determined that it is in the best interest to refund a portion of the Series 2014A Bonds with the proposed fixed rate bonds in order to reduce the variable rate interest rate risk associated with the Series 2014A Bonds.

(g) The City wishes to commence procedures at this time for the issuance of its Combined Enterprise System Revenue Refunding Bonds, Series 2015 (the "Series 2015 Bonds") for the purpose of providing funds, together with any other available funds, to (i) refund a portion of the outstanding Series 2007A Bonds and Series 2014A Bonds and (ii) pay certain fees and expenses to be incurred in connection with the sale and issuance the Series 2015 Bonds.

(h) The amount of the proposed Series 2015 Bonds will be sufficient, but not excessive, for the purpose of paying the costs associated with the proposed refunding.

(i) The annual audits of the City show the City to be in strict compliance with debt management policies, and the budgetary and fiscal management policies of the City are in compliance with law.

(j) The proposed Series 2015 Bonds can be marketed at a reasonable interest cost to the City.

(k) No projected rate increases for water and sanitary sewer service are expected in connection with the issuance of the proposed Series 2015 Bonds.

(l) The net present value debt service savings to be realized by the refunding of a portion of the outstanding Series 2007A Bonds are expected to equal or exceed 5.00% of the par amount of the refunded Series 2007A Bonds.

Section 2. The City Manager, the Finance Director and the City Attorney of the City are each hereby authorized and directed to file an application with the Local Government Commission for approval of the issuance of the Series 2015 Bonds in an aggregate principal amount not to exceed \$37,000,000 for the purpose of providing funds, together with any other available funds, to (a) refund a portion of the outstanding Series 2007A Bonds and

Series 2014A Bonds and (b) pay certain other fees and expenses incurred in connection with the sale and issuance of the Series 2015 Bonds. Any such action heretofore taken in connection with the filing of such application is hereby ratified and approved.

Councilmember Wilkins spoke to exciting news between the City of Greensboro and CVS; confirmed that the April 16th work session would start at 2:00 p.m.; stated he opposed spending \$25,000 on the lobbyist Mr. McClure for the City; and asked for an explanation to the public on the City contract with Brooks Pierce.

City Attorney Carruthers responded that Mr. McClure was a lobbyist registered with the Brooks Pierce Law Firm under contract with the City to lobby on behalf of the City for Senate Bill 36; stated the contract was not required to be bid under state law; did not require further vetting; and stated he did call members and there was a consensus to go forward.

Councilmember Wilkins referenced this being an election issue; asked who authorized spending \$25,000; if the lobbyist would be used just for Senate Bill 36; voiced that he opposed the contract; and asked if City Attorney Carruthers had polled Council.

Councilmember Wilkins stated it was a shame to spend \$25,000 of taxpayer money on a political issue; asked if this was City Attorney Carruthers's decision; and if the vote was 8-1.

Councilmember Wilkins asked if anyone in the room felt that spending \$25,000 for persons to walk the aisles would change one vote; and thanked City Attorney Carruthers for his response.

Councilmembers Barber and Hightower inquired as to how much the International Restaurant Row project cost the taxpayers.
