Contact 2 and Phone: Tyler Meyer 336-373-2254

PURPOSE:

A resolution needs to be approved to authorize execution of a municipal agreement with NC Department of Transportation for the Wendover Avenue Sidewalk Project (EB-5883).

BACKGROUND:

Project EB-5883 will construct sidewalks on both sides of West Wendover Avenue from Grecale Street to Church Street and East Wendover from both sides of Summit Avenue to US 29. The project will improve pedestrian safety, accessibility, and mobility, and provide connections to transit, retail businesses, parks and greenways, residential areas, medical facilities and services.

NCDOT agreed to reimburse the City for 80% of eligible design, right-of-way, and construction costs after the Metropolitan Planning Organization (MPO) submitted the project for consideration under the Prioritization 4.0 project selection process. At this time, the Department has provided an agreement to provide for reimbursement of 80% of design costs. The Department will provide a supplemental agreement to add funding for the right of way and construction phases after the FY 2018 - 2027 State Transportation Improvement Program goes into effect in December 2017.

The Municipal Agreement defines the cost for design, and responsibilities of the City and the NCDOT, including the terms to which the City must comply in order to receive reimbursements for project costs. The City will be reimbursed 80% of project design costs up to \$113,400 while providing a local match of 20% of up to \$28,350.

BUDGET IMPACT:

Funding for this project will be as follows:

\$113,400	Federal Funds (80%)
<u>\$28,350</u>	Local Bond Funds (20%)
\$141,750	

Local matching funds will come from 471-4502-15.6401. A budget adjustment is required to move funds into the appropriate account.

RECOMMENDATION / ACTION REQUESTED:

The Transportation Department recommends and requests City Council approve the attached resolution authorizing execution of a municipal agreement with NC Department of Transportation for the Wendover Avenue Sidewalk Project (EB-5883).
