PURPOSE:

Anchor Management, LLC has petitioned for annexation of their property located at 2523-Rear McConnell Road. In order to consider the annexation covered by this petition, the City Council must set a public hearing.

BACKGROUND:

This property is within the Tier 1 Growth Area (2013-2019) on the Growth Strategy Map in the Comprehensive Plan and Plan and is considered a satellite annexation.

The proposed use for this is single family dwellings.

City water is available by connecting to the existing 8-inch line located at the intersection of Langston Drive and Waterlyn Drive. In order for this site to be served with water the owner would be responsible for all costs associated with extending it to and across the frontage of the site, and for connecting to the public line. City sanitary sewer is available by connecting to the existing 8-inch sewer line located along Waterlyn Drive. In order for this site to be served with sanitary sewer the owner would be responsible for all costs associated with connecting to the public line.

The City's Fire Department notes that this site is currently served, and will continue to be served upon annexation, by City Station #56 on Franklin Boulevard.

The Police Department can provide service with little difficulty.

Provision of other City services will involve a travel distance almost equal to that necessary to provide service to the previously-annexed property located to the east and south.

BUDGET IMPACT:

Initial service will be absorbed in the budget; future services will have an incremental effect on future budgets.

RECOMMENDATION / ACTION REQUESTED:

The Technical Review Committee (TRC) recommended this annexation to the Planning Board and to City Council. The Planning Board recommended this annexation at its December meeting on a vote of 7-0. Accordingly, it is recommended that on January 20, 2015 the City Council adopt a resolution calling a public hearing for February 3, 2015 on the annexation of the above-mentioned property to the City of Greensboro.
