Resolution Approving a Contract with CITI, LLC in the Amount of \$587,271 for Process Control Integration Services

Department: Water Resources
Council District: 2

Public Hearing: N/A
Advertising Date/By: N/A

Contact 1 and Phone: Steven Drew, 373-7893
Contact 2 and Phone: Elijah Williams, 373-4632

PURPOSE:

CITI, LLC is being requested to provide process control integration services for the Water Reclamation Division of the Water Resources Department. City Council approval for a three-year contract with CITI, LLC in the amount of \$587,271 is requested.

BACKGROUND:

Water Resources is requesting to enter into a three-year contract with CITI, LLC to provide technical services and assistance to maintain the Water Reclamation Division's instrumentation, controls and the Supervisory Control and Data Acquisition System (SCADA). The SCADA system helps the plant staff control treatment operation, generates production reports, and receives alarms to warn of abnormal conditions with the plant equipment and processes.

Water Resources advertised for process control integration services for the T.Z. Osborne Water Reclamation Facility 56 MGD upgrade projects on April 15, 2013. CITI, LLC was one of three firms that submitted for that work and was selected to provide process control integration services for the four construction packages. Process control integration services are a very specialized field of work with a limited pool of integrators in this

area. CITI has committed to sub contracting with S.S.M.C., INC., a local MBE firm, in a mentor/protégé relationship to help build capacity in this area. S.S.M.C., INC will perform 7.8% of the contract work. CITI, LLC is a MBE firm but currently does not have a significant business presence in the Greensboro MSA.

BUDGET IMPACT:

Funding for year one of this three-year, \$587,271 contract is budgeted in the following Water and Sewer Operating Fund accounts: 501-7051-01.5413 in the amount of \$60,000, and 501-7056-01.5413 in the amount of \$130,000. These accounts will also be used in years two and three provided that sufficient appropriations are approved by City Council in succeeding fiscal years.

RECOMMENDATION / ACTION REQUESTED:

The Water Resources Department recommends approval of the contract with CITI, LLC in the amount of \$587,271.
