### PURPOSE:

SMHM Properties, LLC has petitioned for annexation of their property located along the rear portions of 1801 Cude Road and 1199 Pleasant Ridge Road. In order to consider the annexation covered by this petition, the City Council must set a public hearing.

### BACKGROUND:

This property is within the Tier 1 Growth Area (2013-2019) on the Growth Strategy Map in the Comprehensive Plan.

The proposed use for this site is to be developed along with the abutting property as single family.

City water will be available by connecting to the 12-inch line located in Pleasant Ridge Road or the 16-inch line located in Cude Road. In order for this site to be served with water the owner would be responsible for all costs associated with extending and connecting to the public line. City sanitary sewer service would involve either a long sewer extension to provide gravity service or properly designing a connection to the sewer line located to the south of the site. In order for this site to be served with sanitary sewer the owner would be responsible for all costs associated with extending and connecting to the public line.

The City's Fire Department notes that this site is currently served and upon annexation will continue to be served by City Station #20 on West Market Street.

The Police Department can provide service with little difficulty.

Provision of other City services will involve a travel distance almost equal to that necessary to provide service to the previously-annexed property located to the south.

**BUDGET IMPACT:**

Initial service will be absorbed in the budget; future services will have an incremental effect on future budgets.

**RECOMMENDATION / ACTION REQUESTED:**

The Technical Review Committee (TRC) recommended this annexation to the Planning Board and to City Council. The Planning Board recommended this annexation at its April meeting on a vote of 8-0. Accordingly, it is recommended that on June 7, 2016, the City Council adopt a resolution calling a public hearing for June 21, 2016, on the annexation of the above-mentioned property to the City of Greensboro.

**COMMITTEE ACTION:** This item was referred to Council by the Infrastructure Committee.
