Ordinance Annexing Territory into the Corporate Limits for Property Located at 518 and 522 Kallamdale Road - 3.75-Acres

Department: Planning
Council District: Nearest to District #1

Public Hearing: Yes
Advertising Date/By: April 6, 2016 / City Clerk

Contact 1 and Phone: Steve Galanti at 373-2918
Contact 2 and Phone: Sue Schwartz at 373-2149

PURPOSE:

Wayne and Cathy Shepard have petitioned for annexation of his property located at 518 and 522 Kallamdale Road. The City Council is required to hold a public hearing on this petition before considering its approval.

BACKGROUND:

This property is located within the Tier 1 Growth Area (2013-2019) on the Growth Strategy Map in the Comprehensive Plan. The proposed use is for a multifamily development.

City water is available by extending and connecting to the existing 12-inch line located approximately 400 feet to the west within Randleman Road. The applicant is advised that as part of the development of the site, the water line must be extending across the Kallamdale frontage of the site. In order for this site to be served with water, the owner would be responsible for all costs associated with extending and connecting to the public line.

City sanitary sewer is available by connecting to the existing 8-inch line located in West Elmsley Drive. The applicant is advised that as part of the development of the site the sewer line must be extending through and across the frontage of 522 Kallamdale Road. In order for this site to be served with sanitary sewer, the owner would be responsible for all costs associated with extending and connecting to the public line.

The City's Fire Department notes that this site is currently served and will continue to be served by City Station #61 on West Vandalia Road. Single unit incidents will remain the same. Response time for multi-company incidents should improve and fall within the Department's Standard of Cover.

The Police Department estimates can provide service with little difficulty.

Provision of other City services will involve a travel distance almost equal to that necessary to provide service to the previously annexed property located to the north, east and west.

BUDGET IMPACT:

Initial service will be absorbed in the budget; future services will have an incremental effect on future budgets.

RECOMMENDATION / ACTION REQUESTED:

The Technical Review Committee (TRC) recommended this annexation to the Planning Board and to City Council. The Planning Board recommended this annexation at its February meeting on a vote of 8-0. Accordingly, it is recommended that on April 18, 2017, the City Council hold a public hearing to receive public comment and to consider adoption of an ordinance annexing the above-mentioned property into the City of Greensboro.
