BACKGROUND:

On October 10, 2016, the Greensboro Transit Authority issued a Request for Proposal to develop a comprehensive long range public transportation plan for the City of Greensboro called "Mobility Greensboro 2040 Long Range Public Transportation Plan" to be completed in two phases. On March 7, 2017, the Greensboro City Council authorized the execution of a contract with Transportation Management and Design, Inc. to develop both phases of the "Mobility Greensboro 2040 Long Range Public Transportation Plan". In the March 7, 2017 City Council Resolution, the Council awarded the contract to Transportation Management and Design, Inc. for an amount not to exceed \$149,936.00 which was for the costs associated with Phase 1 of the Project. City staff would like to proceed with Phase 2 of the "Mobility Greensboro 2040 Long Range Public Transportation Plan." The cost to complete Phase 2 is \$98,665.00.

Federal transit grants require participation with Disadvantaged Business Enterprises (DBE). This contract had

a goal of 2% DBE participation and TMD committed to meeting the 2% DBE goal set for this contract.
