PURPOSE:

To provide a comprehensive summary of the relevant events associated with what has come to be known as the "Greensboro Massacre" on November 3, 1979, to recognize the many of the changes that have occurred at the City of Greensboro, to apologize for whatever the City may have done or not done in connection with those events and to provide a scholarship in memory of each of the lives lost as a result of the Greensboro Massacre which will incentivize research on the issues of racial and social justice that help this community reconcile the remaining vestiges of the events of November 3, 1979 and that may even help city officials understand these issues in the context of future events in this community and around the nation.

BACKGROUND:

The history of the Greensboro Massacre and the City's efforts to move the community beyond those events

using various committees and council votes have not seemed to effectively bring a conclusion to the community's angst about what happened and how the City dealt with it at the time and since. Thus, this is a renewed effort to do just that.

BUDGET IMPACT: None

RECOMMENDATION / ACTION REQUESTED:

The City Attorney's Office supports the resolution's adoption by the City Council.
