PURPOSE:

Consider a resolution adopting the East Greensboro Study Committee Summary Report.

BACKGROUND:

Council established the East Greensboro Study Committee in March 2014. The purpose of the Committee was to undertake a holistic examination of East Greensboro and identify strategies to make it attractive, safe and prosperous for residents and businesses alike. The Committee collected existing conditions data for a study area comprised of approximately 60 square miles of the City generally lying east of North Elm Street, US 220 South and Randleman Road.

Extensive public input was sought through a series of focus groups to understand East Greensboro's strengths, opportunities, aspirations and desired outcomes.

Recommendations based on this input were drafted in four broad categories: Economic Opportunity, Education, Community Pride and Quality of Life. These recommendations will be used to guide and prioritize policies, programs and build new partnerships to help achieve the Committee's goal of an attractive, safe, and prosperous area.

The Report and Recommendations were presented at the July 16, 2015 City Council Work Session.

BUDGET IMPACT:

None.

RECOMMENDATION / ACTION REQUESTED:

Staff recommends approval of the resolution.
