PURPOSE:

Update Committee on distribution plans for updated City data poster.

BACKGROUND:

In October, the Committee received a presentation focused on development trends and materials developed by the Planning Department regarding these trends. Staff has formatted the data into poster form to be displayed in more than 50 publicly accessible City facilities, including recreation centers, public buildings and libraries. These efforts will be supplemented by a “Did You Know...” campaign on the City Facebook and Twitter feeds based on information featured in the poster. Fun facts about the City will also be highlighted on the *FYI Weekly* program on GTN.

A copy of the poster is attached.

BUDGET IMPACT:

None.
